6.1 ORGANISATION

Kuehne + Nagel International AG (the Company) is incorporated in Schindellegi (Feusisberg), Switzerland. The Company is one of the world's leading logistics providers. Its strong market position lies in the seafreight, airfreight, overland and contract logistics businesses.

The Condensed Consolidated Interim Financial Statements of the Company for the nine months ended September 30, 2016, comprise the Company, its subsidiaries (the Group) and its interests in joint ventures.

The Group voluntarily presents a balance sheet as of September 30, 2015.

6.2 STATEMENT OF COMPLIANCE

The unaudited Condensed Consolidated Interim Financial Statements have been prepared in accordance with IAS 34 Interim Financial Reporting. They do not include all of the information required for full annual financial statements, and should be read in conjunction with the Consolidated Financial Statements of the Group for the year ended December 31, 2015.

6.3 BASIS OF PREPARATION

The Condensed Consolidated Interim Financial Statements are presented in Swiss Francs (CHF) million. They are prepared on a

historical cost basis except for certain financial instruments which are stated at fair value. Non-current assets and disposal groups held for sale are stated at the lower of the carrying amount and fair value less costs to sell.

The preparation of Condensed Consolidated Interim Financial Statements in conformity with IFRS requires the management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The actual result may differ from these estimates. Judgements made by the management in the application of IFRS that have a significant effect on the Condensed Consolidated Interim Financial Statements and estimates with a significant risk of material adjustment in the next period were the same as those applied to the Consolidated Financial Statements for the year ended December 31, 2015.

Accounting policies

The accounting policies are the same as those applied in the Consolidated Financial Statements for the year ended December 31, 2015.

New, revised and amended standards that are effective for the 2016 reporting year are either not relevant for the Group, or do not have a material impact on the Condensed Consolidated Interim Financial Statements.

6.4 FOREIGN EXCHANGE RATES

- 2 Refer to Note 6.7 for details to the acquisition of RT Acquisition Corp., USA (ReTrans).
- 3 Effective July 1, 2015, the Group signed a share sale and purchase agreement to sell the shares of Kuehne + Nagel DSIA SAS, France, for a total sales price of CHF 6.7 million. The profit on the sale amounts to CHF 5.5 million.

Kuehne + Nagel DSIA SAS operated in the Contract Logistics business unit, mainly in development, commercialisation and maintenance of software and related activities. External turnover until the date of transaction in 2015 (six months) amounted to CHF 5 million and in 2014 for twelve months to CHF 12 million.

6.7 ACQUISITIONS

2016 acquisitions

There were no acquisitions of subsidiaries in the first nine months of 2016.

2015 acquisitions

Nacora Srl Italy

Effective February 16, 2015, the Group acquired the non-controlling interest of 30 per cent of the shares of Nacora Srl, Italy, for a purchase price of CHF 0.6 million, which has been paid in cash. The Group previously owned 70 per cent of Nacora Srl, which was founded in 1998.

RT Acquisition Corp. USA

Effective August 3, 2015, the Group acquired 100 per cent of the shares of RT Acquisition Corp. (ReTrans), a U.S.-based leading provider of multimodal transportation management solutions. Founded in 2002 and headquartered in Memphis, TN, ReTrans ranks among the leading U.S. non-asset brokerage providers of intermodal transportation, as well as full- and less-than-truck-load (FTL and LTL) services in the United States and Canada. With more than 300 employees the company operates in 68 locations and generates annual revenues of approximately USD 500 million. The purchase price of CHF 221 million has been paid in cash.

The fair values of the identifiable assets and liabilities of ReTrans are as follows:

CHF million	Recognised fair values
Property, plant and equipment	1
Other intangibles	91
Other non-current assets	2
Trade receivables	45
Other current assets	8
Acquired cash and cash equivalents (net)	1
Subtotal assets	148
Non-current liabilities	-23
Other current liabilities	-5
Trade payables	-26
Total identifiable assets and liabilities	94
Goodwill	127
Total consideration	221
Purchase price, paid in cash	221
Acquired cash and cash equivalents (net)	-1
Net cash outflow	220

Acquisition-related costs (included in the line item "Selling, general and administrative expenses" in the Income Statement) amount to CHF 1 million.

The trade receivables comprise gross contractual amounts due of CHF 46 million, of which CHF 1 million were expected to be uncollectible at the acquisition date.

Goodwill of CHF 127 million arose on the acquisition and represents management expertise and workforce which do not meet the definition of an intangible asset to be recognised separately. Goodwill is not expected to be deductible for tax purposes.

Other intangible assets of CHF 91 million recognised on this acquisition represent non-contractual customer lists, trademarks and field office agent contracts having a useful life of 3 to 10 years.

The acquisition contributed CHF 66 million of net turnover and CHF 1 million of earnings to the consolidated net turnover and earnings respectively for the period from August 3, 2015 to September 30, 2015. If the acquisition had taken place on January 1, 2015, the Groups' net turnover would have been CHF 12,657 million and consolidated earnings would have been CHF 515 million.

The accounting for the acquisition was initially determined provisionally only. No material adjustments to the values previously reported were deemed necessary after having finalised the acquisition accounting.

6.8 SEGMENT REPORTING

a) Reportable segments

The Group provides integrated logistics solutions across customers' supply chains using its global logistics network.

The four reportable segments, Seafreight, Airfreight, Overland and Contract Logistics, reflect the internal management and reporting structure to the Management Board (the chief operating decision maker, CODM) and are managed through specific organisational structures. The CODM reviews internal management reports on a monthly basis. Each segment is a distinguishable business unit and is engaged in providing and selling discrete products and services.

The discrete distinction between Seafreight, Airfreight and Overland is the usage of the same transportation mode within a reportable segment. In addition to common business processes and management routines, a single main transportation mode is used within a reportable segment. For the reportable segment Contract Logistics the services performed are related to customer contracts for warehouse and distribution activities, whereby services performed are storage, handling and distribution.

Pricing between segments is determined on an arm's length basis. The accounting policies of the reportable segments are the same as applied in the Consolidated Financial Statements.

Information about the reportable segments is presented on the next pages. Segment performance is based on EBIT as reviewed by the CODM. The column "eliminations" shows the eliminations of turnover and expenses between segments. All operating expenses are allocated to the segments and included in the EBIT.

b) Geographical information

The Group operates on a worldwide basis in the following geographical areas: **EMEA**, **Americas** and **Asia-Pacific**. All products and services are provided in each of these geographical regions. The regional revenue is based on the geographical location of the customers invoiced, and regional assets are based on the geographical location of assets.

c) Major customers

There is no single customer who represents more than 10 per cent of the Group's total revenue.
